

兔抗 APOM 多克隆抗体

中文名称: 兔抗 APOM 多克隆抗体

英文名称: Anti-APOM rabbit polyclonal antibody

别 名: G3a; NG20; apo-M; HSPC336

相关类别: 一抗

抗 原: APOM

储 存: 冷冻(-20℃)

宿 主: Rabbit

反应种属: Human, Mouse, Rat

标 记 物: Unconjugate

克隆类型: rabbit polyclonal

技术规格

Background:	The protein encoded by this gene is an apolipoprotein and member of the lipocalin protein family. It is found associated with high density lipoproteins and to a lesse r extent with low density lipoproteins and triglyceride-ri ch lipoproteins. The encoded protein is secreted through the plasma membrane but remains membrane-bound, where it is involved in lipid transport. Alternate splicing results in both coding and non-coding variants of this gene.
Applications:	ELISA, WB
Name of antibody:	APOM

Immunogen:	Fusion protein of human APOM
Full name:	apolipoprotein M
Synonyms:	G3a; NG20; apo-M; HSPC336
SwissProt:	O95445
ELISA Recommended dilution:	1000-2000
WB Predicted band size:	21 kDa
WB Positive control:	Human fetal liver and liver cancer tissue, human placen ta tissue
WB Recommended dilution:	200-1000
