

兔抗 MSTN 多克隆抗体

中文名称：兔抗 MSTN 多克隆抗体

英文名称：Anti-MSTN rabbit polyclonal antibody

别名：GDF8, MSLHP

相关类别：一抗

储存：冷冻（-20℃）

宿主：Rabbit

抗原：MSTN

反应种属：Human, Mouse, Rat

标记物：Unconjugate

克隆类型：rabbit polyclonal

技术规格

Background:	The protein encoded by this gene is a member of the bone morphogenetic protein (BMP) family and the TGF-beta superfamily. This group of proteins is characterized by a polybasic proteolytic processing site which is cleaved to produce a mature protein containing seven conserved cysteine residues. The members of this family are regulators of cell growth and differentiation in both embryonic and adult tissues. This gene is thought to encode a secreted protein which negatively regulates skeletal muscle growth.
Applications:	ELISA, IHC
Name of antibody:	MSTN

Immunogen:	Synthetic peptide of human MSTN
Full name:	myostatin
Synonyms :	GDF8, MSLHP
SwissProt:	O14793
ELISA Recommended dilution:	1000-2000
IHC positive control:	Human breast cancer and Human lung cancer
IHC Recommend dilution:	5-20
