

## 兔抗 ICAM4 多克隆抗体

中文名称：兔抗 ICAM4 多克隆抗体

英文名称：Anti-ICAM4 rabbit polyclonal antibody

别名：LW; CD242

相关类别：一抗

储存：冷冻（-20℃）

抗原：ICAM4

宿主：Rabbit

反应种属：Human

标记物：Unconjugate

克隆类型：rabbit polyclonal

### 技术规格

|                          |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
|--------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Background:</b>       | This gene encodes the Landsteiner-Wiener (LW) blood group antigen(s) that belongs to the immunoglobulin (Ig) superfamily, and that shares similarity with the intercellular adhesion molecule (ICAM) protein family. This ICAM protein contains 2 Ig-like C2-type domains and binds to the leukocyte adhesion LFA-1 protein. The molecular basis of the LW(A)/LW(B) blood group antigens is a single aa variation at position 100; Gln-100=LW(A) and Arg-100=LW(B). Alternative splicing results in multiple transcript variants encoding distinct isoforms. |
| <b>Applications:</b>     | ELISA, IHC                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |
| <b>Name of antibody:</b> | ICAM4                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |
