

兔抗 NTM 多克隆抗体

中文名称: 兔抗 NTM 多克隆抗体

英文名称: Anti-NTM rabbit polyclonal antibody

别名: HNT; NTRI; IGLON2

储存: 冷冻 (-20°C) 避光

抗原: NTM

宿主: Rabbit

反应种属: Human

相关类别: 一抗

标记物: Unconjugate

克隆类型: Unconjugate

技术规格

| | |
|--------------------------|--|
| Background: | This gene encodes a member of the IgLON (LAMP, OBCAM, Ntm) family of immunoglobulin (Ig) domain-containing glycosylphosphatidylinositol (GPI)-anchored cell adhesion molecules. The encoded protein may promote neurite outgrowth and adhesion via a homophilic mechanism. This gene is closely linked to a related family member, opioid binding protein/cell adhesion molecule-like (OPCML), on chromosome 1. Multiple transcript variants encoding different isoforms have been found for this gene. [provided by RefSeq, Jan 2009] |
| Applications: | WB |
| Name of antibody: | NTM |
| Immunogen: | Synthesized peptide derived from internal of human NT. |

| | |
|---------------------------------|---|
| Full name: | neurotrimin |
| Synonyms : | HNT; NTRI; IGLON2 |
| SwissProt: | Q9P121 |
| WB Predicted band size: | 38 kDa |
| WB Positive control: | Jurkat cells, Huvec cells and HepG2 cells lysates |
| WB Recommended dilution: | 500-3000 |
