

## 兔抗 WRAP53 多克隆抗体

中文名称: 兔抗 WRAP53 多克隆抗体

英文名称: Anti-WRAP53 rabbit polyclonal antibody

别名: DKCB3; TCAB1; WDR79

抗原: WRAP53

储存: 冷冻 (-20℃)

宿主: Rabbit

相关类别: 一抗

反应种属: Human, Rat

标记物: Unconjugate

克隆类型: rabbit polyclonal

### 技术规格

|                          |                                                                                                                                                                                                                                                                                                                                                                                                                                              |
|--------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Background:</b>       | This gene encodes an essential component of the telomerase holoenzyme complex, a ribonucleoprotein complex required for telomere synthesis. This protein is enriched in Cajal bodies, nuclear sites of RNP processing that are important for telomerase function. It interacts with dyskerin, TERT and TERC, other components of active telomerase, and with small Cajal body RNAs (scaRNAs), which are involved in modifying splicing RNAs. |
| <b>Applications:</b>     | ELISA, WB, IHC                                                                                                                                                                                                                                                                                                                                                                                                                               |
| <b>Name of antibody:</b> | WRAP53                                                                                                                                                                                                                                                                                                                                                                                                                                       |
| <b>Immunogen:</b>        | Fusion protein of human WRAP53                                                                                                                                                                                                                                                                                                                                                                                                               |

|                                    |                                         |
|------------------------------------|-----------------------------------------|
| <b>Full name:</b>                  | WD repeat containing, antisense to TP53 |
| <b>Synonyms :</b>                  | DKCB3; TCAB1; WDR79                     |
| <b>SwissProt:</b>                  | Q9BUR4                                  |
| <b>ELISA Recommended dilution:</b> | 1000-2000                               |
| <b>IHC positive control:</b>       | Human lung cancer                       |
| <b>IHC Recommend dilution:</b>     | 20-100                                  |
| <b>WB Predicted band size:</b>     | 59 kDa                                  |
| <b>WB Positive control:</b>        | HT-29, hela and A431 cell               |
| <b>WB Recommended dilution:</b>    | 200-1000                                |
