

兔抗 PKIA 多克隆抗体

中文名称：兔抗 PKIA 多克隆抗体

英文名称：Anti-PKIA rabbit polyclonal antibody

别 名：PRKACN1

相关类别：一抗

抗 原：PKIA

储 存：冷冻（-20℃）避光

宿 主：Rabbit

反应种属：Human Mouse

标记物：Unconjugate

克隆类型：Unconjugate

技术规格

Background:	The protein encoded by this gene is a member of the cAMP-dependent protein kinase (PKA) inhibitor family. This protein was demonstrated to interact with and inhibit the activities of both C alpha and C beta catalytic subunits of the PKA. Alternatively spliced transcript variants encoding the same protein have been reported.
Applications:	IHC, IF
Name of antibody:	PKIA
Immunogen:	Synthesized peptide derived from internal of human IPKA.
Full name:	protein kinase (cAMP-dependent, catalytic) inhibitor alpha
Synonyms :	PRKACN1
SwissProt:	P61925

IHC positive control:	Human brain tissue
IHC Recommend dilution:	50-100
IF positive control:	Hela cells
IF Recommend dilution:	100-500
